

Lab 3: Verification of the Superposition Principle

ESC 221 Basic Principles of Electrical Engineering

Author: Zeshui Song

Lab Partner:

Roy He

Date Performed: April 2, 2026

Cooper Union

I. Introduction, Experimental Method and Hypotheses

A. Introduction

B. Experimental Method

C. Hypotheses

II. Equipment List

1. **Digital Multimeter**

Manufacturer: AstroAI

Model: AM33B

2. **DC Power Supply**

Manufacturer: GW Instek

Model: SPD-3606

III. Wiring / Schematic Diagram / Procedure

A. Procedure

B. Schematic Diagram

IV. Results

V. Discussion, Analysis and Concluding Statements

C. Conclusion

VI. Appendix

Calculations for Predicated Nodal Voltages
